Dear Students

Dialogue with the President (regarding “University Fund” and “国際卓越研究大学  
(Universities of International Research Excellence)”)

We are pleased to announce that we have set up the following opportunity for the next “Dialogue with the President”.

Currently, the government is in the process of establishing a 10 trillion yen "University Fund" along with the system of "国際卓越研究大学 (Universities of International Research Excellence)" to be supported by the fund. Last year, we set up a task force to examine these systems, and the results of the examination were summarized this month.

Since the systems described above have a great bearing on the future of our university, we would like to deepen our university-wide understanding of these systems through dialogue with our members.
